"Grace's wish trip gave us 8 days to feel like our ordinary selves in the most extraordinary place. We were literally thousands of miles away from our problems. We took advantage of every minute life had to offer. Grace caught her first waves surfing, swam with dolphins, toured the islands by helicopter, visited Pearl Harbor, went horseback riding by the sea, and experienced a luau all the while, enjoying the breathtaking views. It was such a gift to watch Grace enjoy every minute of every day. I will cherish these memories with all my heart."

– Yvonne N., Grace's mom
